Raphael Tuck & Sons'

ART PUBLISHERS TO THEIR MAJESTIES THE KING & QUEEN.

**Pheasants.** That ornament to all rural scenery, the pheasant, is said to have been brought from the banks of the River Phasis in Colchis, Asia Minor, by the Romans. Later, however, the Chinese ring-necked pheasant was introduced and these have crossed so freely with the original form, that it is rare to find a pure-bred specimen. Most of the birds shot during the autumn have the ring of white feathers round the neck.
